Governor, State of California
State Capitol

Dear Governor Brown:

RE: Assembly Bill 2442 (Holden) - Density Bonuses

We are writing to express our support for AB 2442, which would require local agencies to grant a density bonus when an applicant for a housing development agrees to construct housing for transitional foster youth, disabled veterans, or homeless persons.

If enacted, AB 2442 would provide critical assistance to vulnerable populations by expanding housing opportunities for former foster youth, disabled veterans, and the homeless. This measure would allow housing developers to obtain multiple density bonuses from local government if the housing development sets aside 10 percent of the units for former foster youth, disabled veterans, or formerly homeless individuals.

Density bonuses are already provided to projects that dedicate units to seniors, low-income individuals, and the disabled. Transitional foster youth and disabled veterans should also have access to these resources to allow the greatest opportunity for successful self-sufficiency. These efforts will help address the needs of our foster youth and disabled veterans who need access to stable and affordable housing.

The County of Los Angeles supports proposals that provide incentives to local governments and/or developers to increase and protect affordable housing and flexibility for counties to promote a diversity of affordable housing types through local policies. Therefore, we urge you to support AB 2442.

Thank you for your consideration of this important matter.

Sincerely,
